

## How to Train Your Puppy: Useful Tips And Tricks On How to Have An Educated Best Friend

A new puppy is a reason for great joy in every owners life, but its also a big disruption from your regular, organized, day-to-day activities. It can be difficult to adapt to your puppys needs and it can also be difficult for the puppy to understand what you want from him/her. This is why this book is going to be of tremendous help in every new owners life. Every puppy needs attention and training, but as a fresh puppy owner you might not know how to convince the little cutie to do his/her business outside or how to comfort him/her when crying for mummy in the middle of the night. There are always specialists that could help you with advice and information but, if you want to create a strong bond between you and the little fur ball, you should learn how to train him/her by yourself. How to train your puppy offers detailed information and advice on how to teach the little cutie about potty and crate and how to introduce young Fido to other dogs and pets you might have. Also, youll read about socialization and how important it is to show Fido the world so he/she wont get scared when meeting new and strange situations. One more thing every new owner should know is exercising the young pup. How much and what sort of exercise does a puppy need according to its age and breed is vital information and this book is here to explain everything step-by-step.
