

Young Avengers Vol. 1: Style > Substance (Young Avengers (2013))

Collects Young Avengers #1-5, Marvel Now! Point One (Young Avengers story). Legacy isn't a dirty word...but it's an irrelevant one. It's not important what our parents did. It matters what WE do. Someone has to save the world. You're someone. Do the math. The critically acclaimed team of Kieron Gillen and Jamie McKelvie reinvent the teen superhero comic for the 21st century, uniting Wiccan, Hulkling and Kate Hawkeye Bishop with Kid Loki, Marvel Boy and Ms. America. No pressure, right? As a figure from Lokis past emerges, Wiccan makes a horrible mistake that comes back to bite everyone on their communal posteriors. Fight scenes! Fake IDs! And plentiful feels! (aka meaningful emotional character beats for people who aren't on tumblr.) Young Avengers is as NOW! as the air in your lungs, and twice as vital. Hyperbole is the BEST! THING! EVER!
