

2/4 Cavalry Book 2: Operation Rockslide (Military Scifi)

A futuristic extrapolation of B Company, 1st of the 503rds Operation Rock Avalanche, set in the Hammers Slammers Universe. It should be noted that this is not a True Hammers Slammers book, from the book Hammers Crucible miniature book, since that literally was the only other information I had available to me. I wasn't intending on doing the massive tank battles, etc. etc. that David Drake originally intended. It is considered 18 band over due to violence and language.
