The first four novels in the series that critics describe as a masterful blend of politics, history, and suspense. Complicated... fascinating... Hellmann has a beautifully tuned ear... which makes many of her scenes seriously funny ...--Chicago TribuneHellmann owes a debt to fellow Chicagoans Sara Paretsky (complex plotting) and Barbara DAmato (excellent research) - but shes the brash young thing making this formula new again!--Aunt AgathasA dark, beautiful book about the struggle of the human spirit against despair... Impossible to put down. Honest to god, mysteries don t get any better than this.--William Kent KruegerBy every possible measure, Hellmanns status as a storyteller has grown. Plot development is masterful... intriguing, realistic characters... itching for the next book.--Midwest Book ReviewThese are some of the comments and reviews about the Ellie Foreman mystery series. Now, for the first time, the original four books in the series are available in a boxed set at a very attractive price! Dont miss these novels, which the author describes as a cross between Desperate Housewives and 24 But theres so much more: history, humor, complex characters, and, of course, bone-chilling suspense.
