

Capital Kill: Jeff Trask Thriller Series, Book 1

A few short blocks from the safety of the museums and monuments on the National Mall, a ruthless killer prowls the streets of Washington, D.C. Federal prosecutor Jeff Trask joins a team of FBI agents and police detectives as they try to solve the series of brutal murders. As the body count rises, the investigation leads to a chilling confrontation with the leader of an international drug smuggling ring, and no one is safe, not even the police. Written by former Washington prosecutor Marc Rainer, Capital Kill is a swirling thrill ride through the labyrinth of a major federal investigation and trial, with a gripping conclusion that no one will see coming.
