

## Aced

Ace Locke is Hollywood's hottest action hero. Women across the globe fling their panties in his direction, but Ace isn't interested in those; he's more of a boxer briefs kind of guy. Specifically, those of the nearly naked male model on a billboard he drives past every day. Though he recently made headlines for his public coming out, Ace is wary about pursuing a relationship, fearing what the court of public opinion will do to his career. But there's something in the model's expression that intrigues him and has him wondering what if? Dylan Prescott just scored his biggest modeling campaign yet. One that has him plastered all over L.A. in not much more than what he was born with. And when he's cast in Ace's latest blockbuster, it puts him in close proximity to his ultimate fantasy. Outwardly confident, Dylan has no problem with his sexuality or his pretty-boy looks, and uses both to his advantage to get what he wants. And what he wants is the impossible Ace Locke. From Ella Frank's Sunset Cove series and Brooke Blaine's L.A. Liaisons series comes a scorchingly hot novel that blends humor, passion, and romance. What happens when these two worlds collide?
