Top 10 Idaho Book Award Winner Past and present collide in this spellbinding tale by USA Today bestselling author Joanne Pence. Over two hundred years ago, a covert expedition shadowing Lewis and Clark disappeared into the wilderness of Central Idaho. Now, seven anthropology students and their professor vanish in the same area. The key to finding them lies in an ancient secret, one involving alchemy, gold, and immortality...a secret that men throughout history have sought to unveil. Michael Rempart is a brilliant archeologist whose colorful and controversial career has earned him admiring fans and implacable foes, but he is plagued by a troubling sense of the supernatural and a mysterious spiritual intuitiveness. Joining Rempart in this adventure are a CIA consultant on paranormal phenomena, a washed-up local sheriff, and a former scholar of Egyptology. All must overcome their personal demons as they attempt to save the students and, ultimately, the world.

I can only trust to Providence that one day this small account which I leave in a land of unimaginable desolation and Wildness, may be discovered, and that it will serve to warn others of the wickedness that may ensnare Good men. Ours was to be a Secret Expedition...
