

Doctor In The Swim

Dr Grimsdyke was only too pleased to discover that he was sitting next to the luscious Lucy Squiffington on his flight home. Several hours in her company was bound to go well in fact it went rather too well seeing as how the long-suffering Anemone was waiting for him back home. A fact Grimsdyke seemed to have completely forgotten. And as if juggling two women wasn't enough, the Jellybone sisters then enter the scene with a troupe of female contortionists neatly in tow hardly likely to help straighten things out for poor Grimsdyke. As he ponders his options, Grimsdyke falls headlong into a series of hilarious mishaps that leave him almost on the point of drowning.
