Winns IndieReader 5 Star rated, Top Book Pick, DEAD SOUL MARY, available for Kindle on Amazon. From the Midwest Book Review of DEAD SOUL MARY: A vast number of horror novels produced today represent genre formula writing at its worst, with shallow characters, predictable plots, and story premises that dont seem very extraordinary. Not so in Dead Soul Mary... Winn takes plenty of time to build up plot and protagonist - and it pays off big time... So its a real pleasure to find a slowly-building plot where the horror element is tempered by the motivations, influences and history of realistic people just trying to live their lives. -- D.
