

Bead And Wire Jewelry Exposed: 50 Designer Projects Featuring Beadalon And Swarovski

In Bead and Wire Jewelry Exposed, well-known designers Katie Hacker, Fernando DaSilva and Margot Potter offer over 50 high-fashion jewelry pieces made using unique techniques that reveal typically hidden components such as beading wire, cording, findings, tubing and chain as the central focus of the design. While the pieces may look complex, the techniques are simple enough for beginners - yet sophisticated enough for the veteran jewelry crafter. A comprehensive getting started section provides information on the supplies, tools and techniques you'll need to make all of the projects in the book.
