

## The Benefits of Death

Death waits for no one Charles Leithan has been unhappily married for years. Under normal circumstances, he would have long since divorced his wife for his beloved mistress, but these are not normal circumstances. Leithan has inherited a significant sum of money, but the conditions state that the instigator of a divorce would forfeit the entirety of the money to the other party. Unwilling to try to make a living through his mediocre writing, Leithan suffers his corpulent wife and her obsession with pedigreed dogs, sneaking in visits to his mistress whenever she goes out of town. When Mrs Leithan suddenly disappears, Charles calmly assures the police that he is certain his wife has simply gone away on another visit and there is nothing to worry about. But the police are suspicious and theyre sure that Charles Leithan knows considerably more about his wifes disappearance than he is letting on. The fact that there is a great deal of money involved, and the conditions set upon the possession and use of it, would be damning enough. And with Charless visits to his mistress becoming less and less secretive, it is clear that he is no longer scared of getting caught by his wife, or anyone else for that matter. The police are certain that Charles is behind his wifes mysterious disappearance and its not long before they think theyre got the case cracked. Believing they have solved the mystery, the police bring a murder charge before a jury. The only problem is that there is no body The Benefits of Death is an unputdownable thriller with an almighty twist in the tale. Roderic Jeffries was born in London in 1926 and went to sea in 1943.
