

## Beyond the Great Snow Mountains: Stories

From the American West to the Siberian coast, from Hollywood to the boxing ring, here are timeless tales of war, mystery, romance, crime, and punishment as only Louis L'Amour can tell them. These stories are vintage L'Amour: A hard-bitten cattle driver is pitted against a man trying to steal his woman, the disappearance of a thousand head of cattle, and a plot to frame him for murder....A private eye visits a remote mining town on a case involving a sexy widow, an uneasy lawman, and a fortune in gold buried in an abandoned mine shaft....A country boy with a good right hand must fight not only his vicious opponent in the ring but the ruthless gangsters who'll do anything for profit—even commit cold-blooded murder....A young woman stranded in an isolated harbor must survive the wilderness and a brutal battle of wits with a sadistic fortune hunter. Here is the trademark blend of action, suspense, historical detail, and unforgettable characters that have made Louis L'Amour one of the world's most extraordinary writers.
