

## Collected Poems of John Keats [Annotated]: Complete and Unabridged

A meticulously edited edition of John Keats verse collecting all of his poems sans his two long verse plays. Keats was born in London, England, on October 31, 1795. He dedicated his short life to the creation of poetry characterized by its sensuous and vivid imagery, classical themes, technical mastery and sincere and authentic emotional tenor. He died tragically young in 1821 of tuberculosis, a disease that had plagued his life since he took a walking tour of the Lake District in 1818.
