Get it today before the lights go out! A small, northeastern town lay in ruins after a mysterious electromagnetic pulse causes a massive blackout, leaving residents stunned and unprepared. But the loss of power is only the beginning. With no signs of assistance on the horizons and no way of knowing how far the blackout has spread, residents are left to deal with a world without power, communications, and vehicle mobility. The government is absent. Food and supplies have been pillaged, and families must choose whether to stay or flee. However, nothing can prepare them for the onslaught of a horde of escaped convicts who band together and take over the town.
