

Buffy the Vampire Slayer, Vol. 15: Viva Las Buffy

The Buffy saga takes a bold new direction under the guidance of former X-Men writers Lobdell and Nieceza. Its 1996, and Buffy Summers has just accepted her role as the Vampire Slayer. After the destruction of her high school, she flees to Las Vegas to sort her life out, but there's more than Wayne Newton and hookers in the city of sin. A twisted coven den of vampires has big plans for the strip. And there's a tall, dark, and handsome stranger keeping an eye on her during those dangerous nights in Vegas.
