

Buffy: The High School Years- Glutton for Punishment

When Buffy and Xander sign up for home ec, assuming it will be an extra-credit cakewalk, they aren't aware that the teacher is a ravenous tiger demon in disguise. The demon's unquenchable appetite has him kidnapping his top students and forcing them to cook for him, and when Xander claims some store-bought treats are his own creations, he becomes the demon's next victim! It's not enough that Buffy has to keep her grades up, but she also has to rescue her friends and fellow students—and give the tiger demon his just desserts! From the series created by Joss Whedon (Firefly, Serenity, Cabin in the Woods, The Avengers, The Avengers II) Author Kel McDonald (Misfits of Avalon) and artist Yishan Li bring monsters and more high-school high jinks into the life of Buffy the Vampire Slayer! Set during Season 1 of the television series, Buffy the Vampire Slayer. Praise for Kel McDonald's Misfits of Avalon: McDonald has a real affection for magical-world building, and Misfits of Avalon is steeped in Irish mythology, which she has placed on a collision course with Arthurian legend. Praise for Kel McDonald's Sorcery 101: When McDonald nails her world and character building, she really nails it.
