

The Haunting at Grays Harbor (The River Book 8)

One of the most exciting new series! Barbaras new home overlooks the beautiful, dark waters of Grays Harbor. She and her family live so close to the ocean, they can smell it from the front porch. On the outside, the home seems perfect. But inside, Barbara has called on her third priest, and hes about to throw in the towel. The chilling apparitions in the house are terrorizing her daughters and the local clergy! and Barbara is desperate for help. Steven has the gift, and along with his father, Roy, has offered to investigate but a hired crew of ghostbusters from Seattle are in the way and making things worse. When Steven discovers a strange object in Barbaras house, he and Roy realize the ghostbusting outfit are about to unwittingly set in motion a series of events that will heighten the familys horrors. Grays Harbor is only minutes from Eximere, and Steven and Roy discover things are not normal there either. Large pieces of the strange underground estate are disappearing, and Steven and Roy are desperate to find out why. Theyll have to dig deeper into the mystery of James Unser and the bizarre world he constructed if theyre to save Eximere from oblivion. The Haunting at Grays Harbor is a fast-paced paranormal mystery, and the eighth book in The River series. It can be read stand-alone. Praise for The River series from Amazon readers: Truly scary. Finally found a book that got under my nerves! Couldnt put it down...wanted the story to go on and on. Very few authors can pull me in immediately and make me feel as though I were reading about old friends. Stephen King always has, and I can now add Michael Richan to the list. Awesome ghost story with wonderful characters and a great plot! Some of the most delightful reading I have done in a long time. This was a great horror book. I absolutely loved it, and I know you will too! Keep the lights on when reading!
