

inCapable (An inCapable World Novel Book 1)

After spending four years caring for her mother, twenty-two year old Evie Crane is starting over with a new job in a new city. Unfortunately, her new life involves working for a woman with close ties to the mob. When a short walk home turns into tragedy and Evie is left broken and beaten, a mob hitman comes to her rescue. In his debt, she feels a bond to him and wants to help him as much as he helped her, but getting close to a criminal brings her more chaos than she bargains for. Declan Lewis grew up on the streets until taken under the wing of a man with a soft spot for a child he never had. The man taught Declan all he knew, only all he knew was being a hired killer for the Dantes family. When Declan crosses paths with a girl so unlike himself, he can't help but be attracted to his polar opposite. However, bringing her into his life means bringing her into his world, a mistake that might prove fatal. He wants to be the man she deserves, but to give her what she needs, he'll have to change. And is change really possible for a killer?
