

Caged (Super Bolan #87)

Prized Cargo A desperate cry for help draws Mack Bolan into a world where educated, attractive foreign women are kidnapped and forced to work in Americas top companies as blackmailed industrial spies. The back trail leads to an Indian businessman with a link to the Red Chinese, whose operation hijacks high-tech cargo for a covert weapons program. Compounding the threat, these rogue nationalists using slaves to steal technology shipments from the West are employing radical Islamic terrorists as deadly enforcers. With a fellow Stony Man warrior Yakov Katzenelenbogen by his side, Bolan spreads a message in blood from Los Angeles to Calcutta and Sicily: doing business with the Chinese could be fatal.
