Book1 : When a ghost refuses to enter the world of the dead, everything started to flip upside down, and the same happens in this horror mysterious story Set in small village in Maryland, when a female ghost (Emily), who was murdered, appears in front of a government official (Brian) and pleads for the man to punish her murderer. The government official then attempts to appease her anger and do as she wishes. Brian is a man who has the power to see and hear ghosts. He heads for a small town in Maryland looking for his mother. His mother was missing for 10 years. While walking with his servant (Charley), Brian sees a ghost named Emily while she was being chased by ghost hunter Dust. Brian pretends to not see them, as this is his usual routine when he comes across ghosts. Brian is appointed as a sheriff and Emily begs him after finding out that he can see her to find who killed her. The sheriff agrees but he continues his quest for his mother and Emily, fed up from living like a ghost, asked god to revive her, the following day, she found that she was human again and she starts looking for the reason of her death. Brian falls in love with Emily as she was very spontaneous and beautiful and didnt want her to die again, but something was puzzling, Emily was carrying the ornament of Brians mother, and he started to get attracted more to Emily because he believed she must know something; and all she had to do was to regain her memory. Book 2: Cassie a 15 year old, small town girl who is also a nature lover falls into a trap while coming back from school one day. She is taken far away from home into a dark abyss by an unusual man. He clearly didnt belong to the town, nor did he seem to have any manner of resemblance to the human kind. Who was he? What did he want? Read this story to find out more about Cassies shocking

discovery as her story unravels with the most climatic of experiences. Book 3: One night after long hours of studying in the library, Michelle heard what seemed to be an inexplicable incantation from below the women's bathroom. Goaded by her impulses, she found herself exploring the eerie basement of the library. Much to her horror, she saw a red-cloaked human-like figure performing a gruesome ritual. Who is this red-cloaked man? What kind of ritual is it performing? These questions endlessly circled through her mind, and she found herself drawn to the bizarre markings and the obscure rituals of black magic and occult. After encountering the mysterious red-cloaked man again, she began to suspect her friend, Anne, her geeky roommate who loves witchcraft and sorcery, of being the culprit. Meanwhile, she is also compelled to face the amnesia-like illness that had plagued her life since she was a child. With her childhood friend, Nathan, she learns about the real nature of her disease, albeit reluctantly.
