

Christmas Monkeys

Putting together a long-standing and very exciting collaboration between two PS faves the words coming from Joe R. Lansdale hisownself, and the pictures (and what picture they are!) coming from the indomitable Pete VonSholly (having wowed folks with his momentous illustrations for Stephen King s SKELETON CREW). Believe me when I tell you that both of these guys are on a roll with this one. Yessir, CHRISTMAS MONKEYS is a riff on the kids books we all used to love way back when we had a story read to us every night (which still appeals to me, I ll be honest) in fact, I m raring for the time when I can read it to my four granddaughters, Orla, Edie, Elsie and Caitlin. (Bwah hahaha!)
