Aleta is making her presence known with her Raw and Real Life page turners. Karen Williams, author of Thug In Me. A trail of love, sex, deceit, revenge, murder, and betrayal drips across every page of this electrifying saga. Take a ride through two of Southern California's most notorious neighborhoods, Watts and the City of Compton and witness first hand how cold these streets are. Debo is back on the streets of Compton, bangin may no longer may be his top priority but coming up in the dope game is. It dont take Debo long to fall in love with the allure of the hustle and forget one of the most important rules of his mentor, to get in and get out. Debo is so caught up with the money, hoes, and street fame he cant see the signs of a woman scorned, envious homeboys, or a dirty cop watching his every move. Will Debo's personal indiscretion be his ultimate downfall? Lana never thought that she would return to the city that caused her so much heartache and pain, but home is where the heart is and Watts is home. Helping those society has written off has given her purpose and the new man in her life has giving her the courage to give love another try. Will Lanas desire to start over leave her blind to the truth? Will Debo and Lana get caught in a sadistic plot of payback?
