

Marvel Team-up #148 Featuring Spider-man and the Mighty Thor December 1984 (A Child Shall Lead Them)

The web-slinger visits Metropolitan Hospital to hopefully learn the whereabouts of his missing friend, Steve Hopkins. But while the wall-crawler questions an accomplice of the Black Abbott, the super-villains airships attack the hospital! Fortunately, Sigurd Jarlson is working at a construction site nearby...and in mere moments the thunder god enters the fray! But the Black Abbott is powerful indeed, and when he knocks out Thor (at his upper west side hideaway) only the Amazing Spider-Man remains standing! Does the spectacular one stand a chance vs. the Abbott? Cameo appearances by Alicia Masters, the Human Torch, Jarvis, and the alien symbiote/black costume. Guest-starring Spider-Man and Thor.
