

## Lionel Lincoln; Or the Leaguer of Line of (Classic Reprint)

The manner in which the author became possessed of the private incidents, the characters, and the descriptions, contained in these tales, will, most probably ever remain a secret between himself and his publisher. That the leading events are true, he presumes it is unnecessary to assert; for should inherent testimony, to prove that important point, be wanting, he is conscious that no anonymous declaration can establish its credibility. But, while he shrinks from directly yielding his authorities, the author has no hesitation in furnishing all the negative testimony in his power. In the first place, then, he solemnly declares that no unknown man, nor woman, has ever died in his vicinity of whose effects he has become the possessor, by either fair means or foul.
