

Conan the Avenger (Lancer Conan, 10)

Despite what the cover claims, this is the TENTH volume in the Lancer Conan sequence. It was the 8th to be published, but clearly belongs between *Conan the Conqueror* and *Conan of Aquilonia*. The time setting is about a year after the momentous events described in *The Conqueror*. Peace reigns (finally!) in Aquilonia, but King Conan's enemies from the Dark Side cannot leave well enough alone. When his Queen is kidnapped before his very eyes, the barbarian returns to the field of battle, determined once again to triumph, or die.
