

Dark of the Mind (Dark of the Mind Trilogy Book 1)

While most people try to avoid death for as long as they can, Tryke Harper can't get close enough. But even in his chosen profession as a paramedic, he struggles to witness those final moments of life. Tryke's obsession to find the human soul is matched by a much darker desire. He soon becomes entangled in the violence and injustice behind the emergency calls he must answer. When these two pursuits meet up on the streets of Dallas, they take him down a path he never could have imagined. Ride along with Tryke as he explores the world of murder, suicide, and fatal accidents and wrestles with his mother's illness, his father's mysterious journal, a new romance, a partner's crumbling marriage, and his own childhood trauma. Written by a paramedic, this fictional story takes you behind the scenes and inside the action.

Dark Mind (The Dark Mind Trilogy, #1) by Matthew Goldstein Dark Minds (Class 5 Series Book 3) - Kindle edition by Michelle Diener. Definitely better to start with book 1, my favorite (Rose).
