

Dawn Riders (Sagebrush Westerns)

In One Last Gun Notch Morgan Clyde is a professional gunman who has always hired out his gun as a matter of business. He has never let questions of who is right and who is wrong interfere with his actions. Matt Sabre is a young gunfighter in Ride, You Tonto Riders who is forced to shoot a man. He is shocked when, on his deathbed, the man gives him \$5,000 and begs him to take the money to his wife. Guilt, regret, and a fierce will to do the right thing lead Matt Sabre to make that ride. In Riders of the Dawn Matt Sabre himself narrates a new adventure. It begins when he stops at Hattans Point, a place he is not particularly interested in staying, until he is told by Rud Maclaren of the Bar M to choose sides, or ride out.
