

Unholy Birth

From the author of *The Devils Advocate* and *Finding Satan*, a novel about a couple who decide to adopt a child, a decision that could bring the birth of the Antichrist. Congratulations, its a boy... Now its time to pray. Kate Dobson and her girlfriend run a successful California catering business and share a beautiful home in the Indian Canyons of Palm Springs. They are secure in their relationship and more than comfortable financially. But Kate wants something more...a child. Her longing has invaded her dreams, turning them to nightmares, but its a need that wont be ignored. So it seems like a miracle when Kate is contacted by Genitor, a cutting-edge in vitro fertilization clinic. Dr. Lois Matthews, the head of Genitor, will personally handle Kates case, and everything is in place for Kates pregnancy: an ideal donor, a live-in nanny. But before any test shows she is pregnant, Kate experiences unnerving symptoms in full force, pushing her body and soon her sanity to the brink. How can she feel a child quickening inside her? Why is she being pursued by a terrorizing radical group or is she? Paranoia is taking over her mind, but a force of evil is taking over her body. And soon that evil will be delivered...
