

Dragonmaster: The Omnibus Edition: Omnibus

STORM OF WINGS: When the uneasy peace of the three kingdoms is threatened by war, Hals dream of riding dragons becomes reality. For this is a conflict like no other. For the first time, wild dragons have become living weapons, ridden by men of cold daring and ruthless ambition. And the greatest of them is Hal Kailas. Dragonmaster.**KNIGHTHOOD OF THE DRAGON:** When he first dreamed of riding a dragon to war, Hal Keilas was laughed at. Then the war between the kingdoms of Deraine, Sagene and Roche compelled a solution daring beyond their peoples wildest dreams. But Hal, Dragonmaster, knows that the war and the killing have only begun.**THE LAST BATTLE:** As predicted, with the end of the war both dragon fliers and dragons have been cast aside. However, what or who is savaging the dragons in their native lands? Hal embarks on a new crusade, and discovers a threat, not just to the dragons but to man himself.
