

## Antonyins (Storycuts)

After arriving in the cold, grey city of Vldansk, a lone Englishman spends his days battling hunger, unable to stomach the greasy local delicacies - that is, until he discovers Antonyins. But his joy at having found the inviting cafe is tarnished when he is haunted by a strange, unattractive woman who comes in nightly, seeking him out. When she finally puts forward to the man a startling proposition, he is repulsed and appalled; yet it prompts an unshakeable idea to take root in his mind. Part of the Storycuts series, this short story was previously published in the collection *The Boy Who Taught the Beekeeper to Read*.
