

Elis Town

Someone really should go check on Eli... Every year, someone from the Denton family travels to the town of Tulepa, to check on weird old uncle Eli. This time around its Hollys turn to make the journey, but when she arrives she discovers that not only is Eli missing, but the locals appear to be hiding something. Meanwhile, a strange curse seems to have struck the town. Every day, at exactly noon, one resident drops dead. Is the string of sudden fatalities just a coincidence? If its something more sinister, why does no-one seem to be trying to uncover the truth? And what do these deaths have to do with the disappearance of Eli Denton, a strange old man who has barely even left his house in more than a decade? Elis Town is a horror novel about an eccentric but seemingly harmless man who discovers a new way to live, and about his nieces desperate attempt to uncover the truth before she too succumbs to the towns mysteries.
