Now immortal, Paige is emotionally and physically stronger than ever. She must find the location of the ancient incantations to prevent mass genocide. But the war against good and evil is spawning another war—a battle between the dark spirits themselves. Paige is saddled in the center of both growing revolutions and is ready to take on the dark forces. But Nathan's overprotectiveness prevents her from taking action, and he's hiding things. Paige's personal life gets more complicated when Brayden arrives back in town and offers the equal partnership she desperately craves from Nathan. Then there's Carrie and Tree, her two best friends and the only family she has left. Unfortunate circumstances thrust them into Paige's dark world, giving her no choice but to allow Nathan to arm them with combat techniques. In hope, they'll be able to protect themselves. Meanwhile, Paige is having visions and discovering abilities she was unaware of. When Anwar comes to visit, his weird behavior alarms her. Could he be turning to the dark side? Time is running out. Paige not only needs to find the incantations but also to untangle the bands around her heart and make a decision that could leave her with a life worse than death—a life of betrayal from the ones she trusted most.
