

## My First Love: First Edition

Just age sixteen, Majesty Grayraven is confused about life, but shortly learns that with a baby coming into the world, she has to shape up and toughen up. When her baby's father is taken away to serve time for what he's done in the streets, Majesty teaches herself to hate him, to regret him, and resent him for the hurt he's caused her. Now with a five-year-old son, growing each and every day, Brandon, Majesty's first love, returns to reclaim his family and the love of his life. She constantly pushes him away, but is steadily trapped and captivated by what used to be between her and her first love. With an abusive ex on her heels, and her son loving his father, Majesty finds herself in more of a difficult situation than she's ever imagined. She has to learn to put all of that aside to make peace with herself, before trying to conquer this life of hers with a new partner. With many rollercoaster loops, twists and turns, she will have to learn just exactly why it is so important to keep your first love in your life.
