

Fodors Rome - A Companion Guide

This is the latest addition (1971) to the famous Fodor guides. Rome, A Companion Guide, is intended for the sophisticated traveler who is making a leisurely tour of the city and who wishes to get a real understanding of the community, its history, people, and cultural background. The elegant humor and beguiling descriptions of the text are matched by a thorough Practical Information section with detailed listings of hotels, restaurants, nightlife, shopping, and other pertinent data. The guide is designed to take the sightseer by foot through the important sections of the city, in and out of its museums, churches, and historical buildings, with comments and observations and background material. Detailed maps are included for each of the sections.
