

# Fundamentals of Anatomy & Physiology Flex Text Version, with InterActive Physiology 8-System Suite CD (6th Edition)

Along with enhancements to its award-winning art program and timesaving pedagogy, Fundamentals of Anatomy & Physiology, Flex Text Version, Sixth Edition now incorporates engaging new media supplements to create a powerful, integrated learning system. The clear, concise explanations lead students through complex processes, helping them keep sight of the big picture without getting lost in the details. Convenient references help students seamlessly integrate each component into their study routine and soar through key concepts and applications. Every student package automatically includes the Atlas of the Human Body, the InterActive Physiology(R) 8-System Suite CD-ROM, Applications Manual, 3D Anatomy CD-ROM, and access to the Martini Online companion website. Concept Check boxes provide references to the InterActive Physiology (R) CD-ROM, the 3-D Anatomy CD-ROM, and Martini Online, and direct students to supplemental activities and tutorials that help them master key topics.
