

The Gemstone Pirates

The Gemstone Pirates is a lively account of thirteen year-old Zoe Paxton, a young girl that moved to Barbados when her family bought into a hotel chain. Zoe spends her days with Sunny, the wise Bajan jewelry maker that tells her tales of the pirates and shipwrecks of the island. Sunny takes Zoe to Speightstown for an outing away from the Tabono Hotel, and that day leads to a series of events that exposes a smuggling operation throughout the Caribbean islands. As the story unravels, Zoe and her friends help capture the modern day pirates of Caribbean Festival Cruise Lines!
