

# Hamlet: Fully Dramatized Audio Edition

Folger Shakespeare Library, The Worlds Leading Center for Shakespeare Studies The Folger Shakespeare Library, home to the worlds largest Shakespeare collection, brings Hamlet to life with this new full-length, full-cast dramatic recording of its definitive Folger Edition. Hamlet, Shakespeares most popular, and perhaps most puzzling play, follows the form of a revenge tragedy, in which the hero, Hamlet, seeks vengeance against his fathers murderer, his uncle Claudius, now the king of Denmark. Much of its fascination, however, lies in its uncertainties. This new full-cast recording - based on the most respected edition of Shakespeares classic - expertly produced by the Folger Theatre, is perfect for students, teachers, and the everyday listener.
