

Snow on Spirit Bridge

Alone in Japan, Finni is struggling against the constant distrust, avoidance, and xenophobia he experiences every day. He misses home. He misses his family. Nightmares come all too frequently because of the stress, and well, Christmas is just not Christmas in Japan. Not how he understands it. Distressed by how miserable Finni is, his roommate, Mamoru, offers to be Finni's family for Christmas. Little does he know how much one agreement would change everything between them, because both of them kept secrets neither ever dreamed were true.
