

King Henry V - Parallel Texts of the First Quarto (1600) and First Folio (1623) Editions

This book contains William Shakespeares 1592 play; Henry VIII. As Shakespeares last play, it is famous for resulting in the burning down of the globe theatre in 1613, due to the fireworks and cannon fire stated in the stage directions. Henry VIII explores the intrigue that surrounded Henrys court, specifically Cardinal Wolsey, Henrys relationship with his wife Katherine, and his feelings for Bullen. William Shakespeare (1564 - 1616) was an English playwright, actor, and poet - considered to be the greatest writer in the English language, and the worlds most famous dramatist. Many vintage texts such as this are increasingly hard to come by and expensive, and it is with this in mind that we are republishing this book now in an affordable, modern, high quality edition. It comes complete with a specially commissioned new biography of William Shakespeare.
