

Mending a Leak

With the purchase of this book comes direct download access to another 31 Free Books There was a story long in the making, slow in the writing that both Eric and Kelly had been working on. Thing is, neither of them knew the other was writing it. Time, distance, experience and a leaking toilet come together to finally tell the story that both of them so wished would be told. This is NOT some table-thumping tome that will end up unread and gathering dust on your virtual bookshelf this is simply a well-written romantic short story that will have you flipping over the pages in feverish anticipation perfect for a lunch break or when you have some time to kill!
