

Things Will Never Be the Same: A Howard Waldrop Reader: Selected Short Fiction 1980-2005

The only problem with THINGS WILL NEVER BE THE SAME is that its not nearly long enough. Sure, sure, its chock full of great stories by the best short fiction writer of his generation, modern classics like The Ugly Chickens and Flying Saucer Rock n Roll and Heart of Whitenesse and many more... but there are two or three times as many terrific Waldropstories, equally good and sometimes even better, that have been left out for want of space. Theres only one solution. Read this book... and then go out and track down all of Waldrops other collections and read them too. George R. Martin
