

## Body Art: A Thriller

Does everyone have a certain type they end up with whether they want to or not? If Ray Carluccis ex is anything to go by, Ray likes his men gorgeous, rebellious, and chock-full of issues. But now that Ray is single again, he has a shot at a fresh start, since his tattoo shop was gutted by repo men and he can fit all his belongings in the trunk of a taxi. Rays shiny new chauffeurs license lands him a job as a driver for an elderly couple on Red Wing Island. Its a cold fall, and since the Michigan island is the summer home to snowbirds who fly south for the winter, its practically deserted save for Rays new household and a sculptor named Anton Kopec, who works day and night twisting brambles and twine into the distorted shapes of macabre creatures. Compelling, bizarre, and somewhat disturbing not just the sculptures, but the artist, too. Ray has a feeling Anton is just his type. Despite their scorching chemistry, when a dead body is unearthed by some workers and a freak ice storm traps them all on the island, Ray cant say for certain that his new flame isnt capable of murder.
