

Transfusion #1 (of 3)

In a future overrun by out-of-control machines and monsters, a handful of human survivors try to fight their way back to a normal life. But what is normal in a world where both monsters and machines need human blood? And which are the real bad guys? Find out in this horrific new series by 30 Days of Night co-creator Steve Niles and menton3, the demented artist behind Monocyte.
