

Haunted Hook-up

First love and ghost hunting Julie (Jules) Masterson, budding mechanical engineer and skeptic, sets a goal of debunking the alleged haunting in her university's auditorium. While searching for electromagnetic fields, she meets Theo Kent, future geneticist and true believer in the supernatural. He hopes to meet the ghost and help it to move on. Jules and Theo quickly discover they have a new goal... spending as much time together as possible. But when the ghost strikes, pushing another helpless girl off the balcony, they must act quickly to find and banish it before anyone else gets hurt. Moderate level erotic content.
