

Eve (Eve Duncan)

Eve Duncan's mission in life is to bring closure to the families who have experienced the agony of a missing child. As a forensic sculptor, she is able to piece together bones, create a face, and bring an identity to a child who would have otherwise gone unidentified. Eve is brilliant, driven, and tormented because her own daughter, Bonnie, was taken from her years ago. But now, with the help of a CIA agent, Eve has uncovered some startling new evidence: A man with a connection to Bonnie that had been all but buried. His name is John Gallo. He's from Eve's own past. His whereabouts are unknown. And he might just be the missing piece to the puzzle that has haunted Eve for years.
