

## Kidnapped: Being Memoirs of the Adventures of David Balfour in the Year 1751, Written By Himself and Now Set Forth (Classic Reprint)

Cpo. DEDICATION. My dear Charles Baxter, If you ever read this tale, you will likely ask yourself more questions than I should care to answer :as, for instance, how the A ppin murder has come to fall in the year 1751, how the Torran rocks have crept so near to Earraid, or wiyy the printed trial is silent as to all that touches David Balfour. These are nuts beyond my ability to break. But if you tried me on the point of A lans guilt or innocence, I think I could defend the reading of the text. To this day, you will find the tradition of A ppin clear in A lans favour. If you inquire, you may even liar that the descendants of the other man who fired the shot are in the country to this day. But that other mans name, inquire as you please, you shall not hear; for the Highlander values a secret for itself and for the congenial exercise of keeping it. I might go on for long to justify one point and own another indefensible ;it is more honest to confess at once how little Tam touched by the desire of accuracy.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
