

Killing Johnny Fry: A Sexistential Novel

When Cordell Carmel catches his longtime girlfriend with another man, the act he witnesses seems to dissolve all the boundaries he knows. He wants revenge but also something more. Killing Johnny Fry is the story of Cordell's dark, funny, soulful, and outrageously explicit sexual odyssey in search of a new way of life. It marks new territory for the bestselling author of Devil in a Blue Dress and countless other books; it will surprise, provoke, inspire, and make you blush. Above all it is about a man questioning the rules we take for granted and the powerful and sometimes disturbing connections that occur between people when these rules are removed.
