

## Mid Western Fells: Lakeland Fellranger Series

Collins Lakeland Fellranger series combines the best of the Wainwright guides - the traditional feel of the pen and ink sketches and the personal touch of hand-drawn maps - with the desires of the 21st-century walker - accurate maps and directions and inspirational colour photographs - all packed into an easy-to-use, portable format. The books will be written and illustrated by one person, adding to the personality of the books: Mark Richards was one of Wainwrights proteges and has produced a number of very successful walking books. Each of the four volumes in the series covers every Fell in their range.
