

Les Miserables : Complete in Five Volumes (Annotated)

Les Miserables : Complete in Five Volumes (Annotated) This book includes Victor Hugo's biography and his works. The story begins in 1815 in Digne, as the peasant Jean Valjean, just released from 19 years imprisonment in the galleys for stealing bread for his starving sister and her family and fourteen more for numerous escape attempts, is turned away by innkeepers because his yellow passport marks him as a former convict. He sleeps on the street, angry and bitter. Digne's benevolent Bishop Myriel gives him shelter. At night, Valjean runs off with Myriel's silverware. When the police capture Valjean, Myriel pretends that he has given the silverware to Valjean and presses him to take two silver candlesticks as well, as if he had forgotten to take them. The police accept his explanation and leave. Myriel tells Valjean that his life has been spared for God, and that he should use money from the silver candlesticks to make an honest man of himself. Valjean broods over Myriel's words. When opportunity presents itself, purely out of habit, he steals a 40-sous coin from 12-year-old Petit Gervais and chases the boy away. He quickly repents and searches the city in panic for Gervais. At the same time, his theft is reported to the authorities. Valjean hides as they search for him, because if apprehended he will be returned to the galleys for life as a repeat offender. Six years pass and Valjean, using the alias Monsieur Madeleine, has become a wealthy factory owner and is appointed mayor of a town identified only as M____-sur-M__ (i.e., Montreuil-sur-Mer). Walking down the street, he sees a man named Fauchelevent pinned under the wheels of a cart. When no one volunteers to lift the cart, even for pay, he decides to rescue Fauchelevent himself. He crawls underneath the cart, manages to lift it, and frees him. The town's police inspector, Inspector Javert, who was an adjutant

guard at the Bagne of Toulon during Valjeans incarceration, becomes suspicious of the mayor after witnessing this remarkable feat of strength. He has known only one other man, a convict named Jean Valjean, who could accomplish it.
