

## Monstrous Regiment (Modern Plays)

A new stage adaptation of one of Pratchett's best-selling novels. The Monstrous Regiment in question is made up of a vampire (reformed and off the blood, thank you), a troll, Igor (who is only too happy to sew you a new leg if you aren't too particular about previous ownership), a collection of misfits and a young woman who discovers that a pair of socks shoved down her pants is a good way to open up doors in a man's army. One of the funniest English authors alive (Independent)
